

Wyoming Clean Water Plant 10AM-12 Noon
IPP COMMITTEE MEETING MINUTES
April 16, 2008

Meeting called to order at 10:15 AM.

Meeting opened by Co-Chair- Aaron Vis and Chaired by Daveda Quinn

We had a discussion about the "Spring Training" Seminar Jack sent an e-mail and we wrapped up the speakers and we will work on the rest later.

John would like State regulators to be the speakers to address the attendees at the Seminar, but Grace says that we are competent people in the field and that we could teach beginners what to do.

Grace is working on the EPA/DEQ Training for 9-24-2008. The sessions will be about 30 minutes each and categorical will be the main focus.

Members are interested in several topics from the list Grace provided. (See list)

IPP Annual Conference is scheduled for September 25, 2008

Ray Hamil and Dave Verhoef has a case study for mercury minimization

Craig may do a presentation of construction new upgrades.

C.J. Panagiotides has a potential speaker for metal finishing.

Harold Boucher and Tom Mort had a 12 minute DVD on FOG-Sewer Back-up and we watched that DVD.

Grace says that the National also has a yahoo group website with a lot of information and that we need to talk about the Streamlining rules at the Legislature Reception.

We worked on setting dates for the rest of this year and next year.

December 12, 2007 meeting and Holiday lunch all is invited. We will review the IPP Conference and discuss Speakers for next year's meetings.

Next year we will alternate our meetings to cities we haven't visited yet.
