

Laser-Focused Committees

With over 30 active committees, the MWEA provides an opportunity for professional growth and contribution in virtually every facet of Michigan's water environment.

Training and Education

The MWEA is proud of its long history of offering high quality seminars for water professionals (about 30 seminars per year – most awarding CEC credit) and educational materials for schools and other interested groups.

Now Offering Online Training!

Tracking and documenting your Continuing Education Credits

will become an increasingly important issue for all Certified Wastewater Treatment Plant Operators.

MWEA can help!

We have been approved by the MDEQ to provide our members with letters of documentation for CECs. You'll find this most helpful when it comes time for certification renewal.

Scholarships

Scholarships are given yearly to 4-year, 2-year, and part-time college students who are pursuing an education in the water environment field.

Publications

MWEA "Matters" is published four times a year to keep members and subscribers current on the hottest issues in the water environment arena. Additional technical and educational publications are provided through WEF. Collectively, these publications supply the up-to-date information needed to make informed decisions regarding our water resources.

Come Join Us!

There is someone in MWEA that does what you do, and knows what you want to know. MWEA membership provides the forum to meet and exchange views with other knowledgeable people.

- **We** are the operators of the wastewater and storm water management systems that protect Michigan's water resources.
- **We** are the managers who prepare budgets and implement regulations, while reporting to our council, board and citizens.
- **We** are the engineers and scientists who strive to meet evermore stringent regulations through our innovative design approach.
- **We** are the vendors who produce and deliver the products that make the designs work.
- **We** are the educators, affiliates, and others who assist in the delivery of these essential services.
- **We** are the local regulators that ensure that the provisions of the Clean Water Act are met.

MWEA is a Member Association of:

About MWEA

Established in 1925, **THE MICHIGAN WATER ENVIRONMENT ASSOCIATION** (MWEA) is one of Michigan's oldest organizations. The MWEA is made up of more than 1,700 water quality professionals statewide who are dedicated to preserving, restoring and enhancing Michigan's water resources. The MWEA is a member association of the **Water Environment Federation**, an international organization with more than 100,000 members worldwide.
