The Michigan Water Environment Association (MWEA), established in 1925, represents more than 1,900 water quality professionals statewide who are dedicated to preserving, restoring and enhancing Michigan’s water resources. MWEA is a member association of the Water Environment Federation (WEF), which is an international organization with more than 33,000 members. It is the Mission of MWEA “to be recognized as the premier organization of authority on Michigan’s clean water environment.” It is MWEA’s vision to bring together a diverse group of individuals from a variety of backgrounds whose careers involve, and whose objective is a clean water environment.

The American Water Works Association (AWWA), founded in 1881, currently has more than 50,000 members, including 4,700 water utility members, working in all areas of the drinking water community throughout the world. The 1,800 plus Michigan Section - AWWA (MI-AWWA) members are dedicated to advancing the technology, science, and governmental policies relative to our crucial role as stewards of safe drinking water.

The Michigan Water Environment Association (MWEA) and the Michigan Section, American Water Works Association (MI-AWWA) have joined together to support student activities and involvement in these two Associations. The goal is to address the specific needs of college and university students involved in our water and wastewater treatment industry.

Criteria for Eligibility
Joint Student Membership is open to students enrolled in one or more college or university classes.

Scholarships Available
As part of its educational program, each association offers various types of educational scholarships. Some of these scholarships are available to students enrolled in full-time, two-year or four-year degree programs. There is also a scholarship for the part-time student. To learn more about scholarships and fellowships available, visit the MWEA and MI-AWWA websites.

Student Chapters
We have created a number of Student Chapters at colleges and universities in Michigan. We conduct interactive opportunities for students to meet with MWEA and MI-AWWA members to discuss employment opportunities in our industry.

Membership Benefits
Join today and begin receiving the benefits of membership, including:
- Opportunities to network with Wastewater and Water Professionals across Michigan, learn about job opportunities and meet other students with similar interests.
- Attend industry-driven seminars at discounted member rates.
- Develop writing and presentation skills and win some money through Student Paper Competitions.
- Attend the annual MI-AWWA/MWEA Joint Expo and participate in the Young Professional/New Professional Forum.
- Participate in Poster Contests, such as AWWA Fresh Ideas and win a trip to AWWA Annual Conference & Exhibition.
- Discounts on AWWA publications.

Publications
As a Joint Student Member, you will receive free subscriptions to the following publications:
- MWEA Matters
- Michigan Water Network
- MI-AWWA Water Works News
- Journal AWWA
- AWWA Opflow
- AWWA Water Library® for free access to more than 8,500 Journal AWWA articles and more than 3,400 Opflow articles
