

## **Student Membership Dues**

Joint MWEA - Michigan Section AWWA Student Membership Dues are only \$20.00. This is a savings of \$30.00 off the regular individual student membership dues rates. The regular individual student membership dues for the Michigan Section, AWWA are \$25.00 annually. The regular individual student membership dues for the Michigan Water Environment Association are \$25.00 annually...a total of \$50.00 for a student member not eligible to take advantage of this unique offer of Joint Student Membership.

## **Joint Student Membership is for 1-year**

Joint Student Membership is a one time opportunity for new members only. After joining as a Joint Student Member for only \$20, you will become a student member in the American Water Works Association and a student member in the Michigan Water Environment Association. At the end of your year as a member of these two associations, you will receive renewal membership information. If you are still a student, you will be eligible to renew your regular individual memberships in each association at the existing student membership rates. If at the time of renewal, you have graduated, you will be eligible to join either or both associations in a membership category consistent with your employment.

*Offer valid for first 100 student members, per year.*

The Michigan Water Environment Association (MWEA), established in 1925 represents more than 1,900 water quality professionals statewide who are dedicated to preserving, restoring and enhancing Michigan's water resources. MWEA is a member association of the Water Environment Federation (WEF), which is an international organization with more than 40,000 members. It is the Mission of MWEA "To be recognized as the premier organization of authority on Michigan's clean water environment." It is MWEA's vision to bring together a diverse group of individuals from a variety of backgrounds whose careers involve, and whose objective is a clean water environment.

The American Water Works Association is comprised of over 57,000 individuals, organizations and utilities in all areas of the drinking water community throughout the world. The 2,000 plus Michigan Section - AWWA members are dedicated to advancing the technology, science, and governmental policies relative to our crucial role as stewards of safe drinking water.

# Joint MWEA - Michigan Section AWWA Student Membership Application Form

Sponsored by the  
Joint Student Activities Committee

of the  
Michigan Water Environment Association

and the  
Michigan Section  
American Water Works Association

## Joint Student Activities Committee

The Michigan Water Environment Association (MWEA) and the Michigan Section, American Water Works Association (Michigan Section AWWA) have joined together to form a joint MWEA - Michigan Section AWWA Student Activities Committee. The goal of this committee is to address the specific needs of college and university students involved in our water and wastewater treatment industry.

### Criteria for Eligibility

Joint Student Membership is open to students enrolled in one or more college or university classes.

### Scholarships Available

As part of its educational program, each association offers various types of educational scholarships. Some of these scholarships are available to students enrolled in full-time, two-year or four-year degree programs. There is also available a scholarship for the part-time student. We have created a number of Student Chapters at colleges and universities in Michigan, and we conduct interactive opportunities for students and MWEA - Michigan Section AWWA members to meet and discuss employment opportunities in our industry.

## Publications You Will Receive

As a Joint Student Member, you will receive free subscriptions to the following publications:

MWEA Matters  
WEF Research Highlights  
MSAWWA/MDEQ Water Works News  
AWWA Journal (electronic)  
AWWA MainStream (electronic)  
AWWA Opflow (electronic)

### Join Today and begin receiving the benefits of membership

You are encouraged to become a Student Member of both Associations while you are in school, and begin to enjoy limitless professional development opportunities...all at a reduced joint membership rate.

### Some of the Benefits of Joint Student Membership

- Opportunities to network with drinking and wastewater professionals across the state, learn about job opportunities and meet other students with similar interests.
- Develop writing and presentation skills and win some \$\$ through Student Paper Competitions.
- Employment information.
- Discounts on AWWA publications.
